1. The terminal disclaimer filed on June 11, 2002 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of Patent Number 6,090,462 has been reviewed and is NOT accepted.
2. The terminal disclaimer does not comply with 37 CFR 1.321(b) and/or (c) because:
3. The person who has signed the disclaimer has not stated the extent of his/her interest, or the business entity's interest, in the application/patent. See 37 CFR 1.321(b)(3).
4. It does not include a recitation that any patent granted shall be enforceable only for and during such period that said patent is commonly owned with the application(s) or patent(s) which formed the basis for the double patenting rejection. See 37 CFR 1.321(c)(3).
5. Claims 10-11 are rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-2 of US Patent No. 6,090,462 for reasons of record <sup>in</sup> paper no. 2 paragraph-8, mailed February 22, 2002.
6. Applicant's arguments filed June 11, 2002 have been fully considered but they are not persuasive. Applicants' filing of the Terminal Disclaimer is not accepted for reasons discussed in the previous paragraphs and hence, it does not overcome the double patenting rejection.

Thus, in the absence of any evidence to the contrary, it remains the Examiner's position that the pending claims are rejected over the obviousness-type double patenting.

7. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period

Art Unit: 1772

will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
